SAND FILTER CLEANING PROCEDURE

1. Turn pump off
2. Remove pump strainer lid
3. Add 1 quart Strip-Kwik to pump basket
4. Replace pump strainer lid
5. Move filter handle to backwash
6. Turn pump on in backwash for only a few seconds until pink liquid is gone from pump strainer basket
7. Turn pump off immediately
8. Allow to sit turned off for minimum 2 hours
9. Turn pump on in backwash until water runs clear
10. Turn pump back off and move filter handle to rinse
11. Rinse filter for ½ the duration you backwashed (i.e. you backwashed for 5 minutes before the glass cleared. Rinse for 2.5 minutes.)
12. Turn pump off again
13. Move filter handle to filter and turn on pump
